

Military Spouse Preference (MSP)

If you are the spouse of an active duty military member, then you may be eligible for Military Spouse Preference.

To be eligible you:

1. Must have been married to your military sponsor prior to reporting to the new duty assignment; **AND**,
2. Must have accompanied your military sponsor on a Permanent Change in Station (PCS) move; **AND**,
3. The position for which you are applying must be within the commuting area of your military sponsor's new permanent duty station.

MSP applies if you are ranked among the "best qualified" for this vacancy, and the list established from this announcement is used to fill the vacancy.

MSP does not apply, however, when preference would violate statutes or regulations on veteran's preference or nepotism.

Supporting documentation: You must provide acceptable documentation of your appointment eligibility, by submitting a copy of your military sponsor's PCS orders, with your completed application.

****NOTE: You will not receive Military Spouse Preference for this announcement if you fail to provide any of the documents mentioned above.**
